About

Front-End Developer
Motivated and skilled front-end developer with a solid foundation in HTML, CSS, SASS, SCSS, JavaScript, TypeScript, Tailwind, React, and Git. Always eager to learn and adapt, I thrive in dynamic environments and continuously seek out opportunities to enhance my skills. I adapt quickly to new teams and work cultures, bringing not only technical expertise but also a positive attitude and a good sense of humor. Passionate about crafting clean, efficient code and creating user-friendly web interfaces.

Feel free to adjust it as needed!
